

Quality Policy

At ROUND2 Inc., we are committed to delivering innovative eCycling solutions in an environmentally responsible manner.

We do this by:

- Providing products and services of the highest standards to satisfy our customers' needs and expectations of quality, safety, reliability and service.
- Meeting quality objectives by establishing, implementing and maintaining a documented and effective Quality Management System which complies with the requirements of ISO 9001.
- Committing to compliance with requirements and continual improvement of our Quality Management System.
